

ASK YOUR ALLEN ISD FOR MORE CHOICES

PROTECT OUR
SCHOOLS AND
STUDENTS

DEMAND BETTER
ONE ALLEN!!

PROPOSAL

ALLEN ISD proposes to remedy overcrowding on the West side of Allen by bringing children to schools in East Allen. Additionally, they are **closing** two Elementary Schools and repurposing one as a designated PreK Center.

WHAT IS WRONG

- No long term solutions to overcrowding as Allen grows
- No consideration for our children's mental health
- No consideration of our children's safety
- No consideration for improving lower performing schools
- Division of East and West Allen
- Disruption of School Continuity
- Lack of Transparency
- Financial Irresponsibility

ASK ALLEN ISD FOR MORE CHOICES

Distribute PreK evenly among all schools. Use what we have, and do not unnecessarily repurpose our schools. Studies show PreK students do much better when given academic examples by older peers in diverse environments.

Appropriately plan to redistrict lines to relieve overcrowding in Elementary Schools and Middle Schools. Allow parents more choices for school placement within the district.

Demand the transparency that Allen ISD says they are giving us. Ask our community for more input and information in advance of significant proposals.

Demand Allen ISD's administration appropriately plan and prepare for additional overcrowding with new developments coming to Allen over the next 10 years.
