

SAVE OUR SCHOOL

The Allen ISD Board of Trustees have created two boundary change proposals that plan to turn Anderson Elementary School into an Early Childhood Center which is not in the best interest of our students or community.

If one of these proposals are enacted:

- **Student to teacher ratios will be negatively impacted** by combining both elementary schools. Our students will receive less attention from their teachers if the class sizes increase.
- **Busing will not be available for many Anderson students.** Morningside is too close to Olson to qualify for buses. Olson is across high traffic streets and intersections from our neighborhoods which are too dangerous for students to walk alone.
- **Traffic around Olson and Anderson Elementary will increase.** Anderson will turn into an Early Childhood Center which will bring in pre-schoolers from all over Allen. The Morningside neighborhood cannot support the dramatic increase of traffic for school drop-off in the morning.
- **Property values for neighboring homes to Anderson will decrease,** as one of the major draws to these homes are their proximity to an elementary school in a walkable neighborhood with a low student to teacher ratio.

We need you to tell AISD that you do not support these boundary change proposals and want our students to remain at Anderson Elementary School.

What you can do:

- **Email teamof8@allenisd.org** to tell school board that you do not support the proposed boundary changes.
- **Attend a school board meeting:**
Sept. 26th, 6:30 pm: AISD Professional Learning & Auxiliary Services Building, 610 E. Bethany Drive
Oct. 6th, 6:30 pm: Preston Elementary School, 2455 Hilliard Drive
Nov. 2nd, 6:30 pm: Boyd Elementary School, 800 S. Jupiter Drive
- **Join our Facebook group “Save Our School: George J. Anderson Elementary”** to stay up to date on the latest news in regards to the boundary proposals and Anderson Elementary school. Scan the QR Code for quick access.
